

## Summary

---

Marketing Operations professional with 5+ years of experience spanning digital acquisition and CRM systems, currently specializing in HubSpot platform administration, marketing automation, and lead lifecycle operations. At TOMRA, co-led the buildout of HubSpot CRM adoption from near-zero to an active pipeline management system supporting 30–50 sales professionals across EMEA and the Americas. Deep expertise in workflow automation, lead scoring, MQL-to-SQL routing, and offline-to-online data integration at scale. Expanding into Salesforce (targeting Admin certification) and advancing SQL for pipeline analytics, with a focused transition toward a dedicated RevOps or Marketing Operations role.

## Core Competencies

---

- **CRM Administration & Data Architecture:** HubSpot platform management, property standardization, data hygiene, and offline-to-online system integration.
- **Marketing Automation:** Workflow building, sequence design, and automation infrastructure.
- **Pipeline Operations:** MQL-to-SQL routing, custom lead scoring logic, and sales-marketing SLA alignment.
- **Analytics & Attribution:** Pipeline reporting, lifecycle stage tracking, and CRM data visualization.

## Technical Projects

---

- **Automated CRM Enrichment Agent | Python + HubSpot API + Google Antigravity (2026)**  
Built an AI agent that automatically researches new HubSpot leads by scraping websites and classifying companies against an ICP. Reduced lead-to-data time from manual research to 30 seconds, saving the sales team 15+ hours per week and eliminating empty CRM fields at point of entry.
- **Cloud-Native Market Intelligence Agent | Python + Antigravity + HubSpot + Slack (2026)**  
Deployed an automated competitive intelligence pipeline that monitors competitor pricing every 6 hours, generates AI summaries of pricing shifts, and pushes updates directly into HubSpot Company Records. Eliminated \$1,200/year in SaaS monitoring costs and 50+ hours of annual manual research.

## Experience

---

### TOMRA

Parma, Italy

Marketing Events Support | CRM & Marketing Operations

October 2024 – Present

- Supported end-to-end lead operations across 15–20 directly organized global trade shows per year (including IFAT and PRS Europe), ensuring 100% of captured leads were correctly synced to HubSpot for immediate sales follow-up across a 30–50 person EMEA and Americas sales team.
- Co-led the operational buildout of HubSpot CRM adoption from near-zero usage to an active pipeline management system, standardizing lead capture processes, contact properties, and lifecycle stages across all field events.
- Designed and enforced lead capture standardization at field events ranging from 8 to 350+ leads per show, eliminating data gaps and field mismatches between capture tools and HubSpot.
- Managed offline-to-online data integration workflows post-event, reducing lead-to-sales-handoff time from over one week to same-week import, cleaning, and routing.
- Collaborated with the lead generation team to define "High Intent" lead criteria and build lead scoring logic in HubSpot, accelerating MQL-to-SQL handover and reducing lead stagnation in the pipeline.

## IMBAREX

Digital Marketing Specialist | Marketing Operations

Lima, Peru

October 2022 – April 2024

- Led marketing operations for a 5-person team executing multi-channel campaigns across 10+ countries in the Americas, Europe, and the Middle East.
- Managed HubSpot CRM data integrity across international markets, standardizing contact properties, lifecycle stages, and campaign tracking to ensure clean attribution data.
- Executed SEO and SEM strategies across 4 regions, achieving a 40% increase in organic traffic in 6 months and a 33% improvement in paid conversion rates through continuous A/B testing and funnel optimization.
- Built Executive KPI Dashboards, visualizing channel performance and ROI attribution to guide Board-level decision-making.
- Designed automated email nurture sequences and lead segmentation workflows, improving lead-to-opportunity conversion rates across multiple product lines.

## THE PISONAY COMPANY

Digital Marketing Executive

Lima, Peru

May 2019 – April 2022

- Designed and executed a full GTM strategy (SEO/SEM, Email, CRM workflows) for high-value real estate projects, achieving 100% inventory sell-out prior to construction completion.
- Built and optimized CRM workflows and lead nurturing automations that drove an average monthly conversion rate increase of over 50% through rigorous A/B testing and funnel stage management.
- Managed the complete lead lifecycle from social media capture to sales handoff, defining lead qualification criteria and ensuring consistent data quality for the sales team.
- Designed and optimized landing pages integrated with CRM lead capture forms, improving form completion rates and data capture accuracy.
